Enterprise & Mobile Projects

Smart Car Parking Management System

[React.js](#) | [TypeScript](#) | [NestJS](#) | [PostgreSQL](#)

Enterprise platform for parking transactions, access passes, rates, users, lanes, reports, and connected devices.

- Built transaction, dashboard, reporting, pass, and rate-management features.
- Contributed to users, roles, lanes, devices, RESTful APIs, filtering, pagination, and validation.

Smart Factory Management System

[React.js](#) | [TypeScript](#) | [NestJS](#) | [PostgreSQL](#)

Manufacturing platform for production planning, machine monitoring, warehouses, inventory, and performance analysis.

- Developed production planning, job and machine monitoring, and QR-code features.
- Contributed to warehouse, inventory, OEE dashboards, production reporting, and API integration.

Blood Bank Management System

[React.js](#) | [TypeScript](#) | [NestJS](#) | [PostgreSQL](#)

Healthcare platform for donors, blood inventory, hospitals, blood requests, and operational records.

- Developed donor, inventory, blood-request, and hospital workflows.
- Implemented RESTful APIs, CRUD operations, form validation, database integration, and troubleshooting.

04 Personal Projects

YBS Way

[React Native](#) | [TypeScript](#)

Mobile application for YBS bus-route search and public transportation information in Yangon.

- Created reusable mobile UI components and screen navigation.
- Applied responsive design across mobile screen sizes.

[Live app: ybs-way-web.pages.dev](#)

Spendly

[React Native](#) | [TypeScript](#)

Personal finance application for organizing and monitoring income and expenses.

- Implemented transaction CRUD, categories, and spending summaries.
- Built a clean interface with efficient state management.

05 Credentials

Certifications: Professional Web Developer - Laravel and PHP; Professional Web Developer - React.js, Next.js and Express.js; Professional UI/UX Design - Fairway Technology.

Education: Bachelor of Arts in Geography - Pinlon University.

Languages: Pa-O - Native; Burmese - Fluent; English - Intermediate.
